NEW YORK NATIONALS HAVE FEW PITCHERS; YANKS ARE HOPEFUL

Graw Must Uncover Couple of Finds for Hurling Staff to Win Back National Pennant.

(By Hal Sheridan.)
New York, March 2.—The Giants have an excellent chance to win the National League pennant this season. The best of the Yankees are hoping for a first division berth this year. That, in substance, is the way New York is looking at the coming pennant fight. And there is a lot more interest in both teams this year than there was last. The monotonous succession of pennants to the Giants won rather killed interest in them from the sportsman's viewpoint. Losing last year has stimulated the satiated appetites. Interest in the Yankees was dead last year, principally because of the ownership and the way the club was run. This year the owners are popular, as is the new manager, Bill Donovan. It will be surprising if 1915 isn't the banner year in New York baseball despite the cry of "hard times and a lean year."

With the exception of his pitching staff McGraw has as good a team to start the pennant fight as any manager in the circuit—and a whole lot better than most of them. The return of Tillie Shafer would give him a mighty sweet infield. As is, he has a nicely balanced one. Merkle on first will probably perform in his usual style. Should Shafer, Gray, return, he and Larry Doyle would put up a pretty scrap for second. Fletcher on short seems to have his position clinched and there is practically no doubt at all that Hans Lobert will be seen picking them off around third.

Strong infield.
Lobert at third has solved a great puzzle for McGraw. Many in the game that rolled away through Ed Grant and Milton Stack last year while McGraw sat on the bench cursing the day he ever let Charley Felt get into the lineup. Now McGraw has an infield that will compare favorably with any in the circuit.

In the outfield there are four regulars. Snodgrass, Burns, Murray and Hobson—all four are dependable men—good fielders and steady with the budgeon. Jim Thorne, the big Indian, expects to make a hard game for McGraw. McGraw freely admits his pitching staff is giving him worry. Mathewson, Tesreau and Fromme are his only veterans, as Ruben Markwardt's unsteady arm is a liability. Youngsters who have sat on the bench for two seasons now and they should be about ready for the firing line. They are Schauer and Schupp.

McGraw probably is depending more on this year's high school recruits he paid expenses for to Martin than ever before. He needs a young catcher and could use a couple of promising young hurlers. Meyers and McGraw will probably bear the brunt of the receiving again this season.

Dope on Yanks.
Bill Donovan's best asset is his pitching staff. It stacks up favorably with any in the league. Caldwell, Euting, Warhop, Fisher, Brown and a number of promising rookies comprise his hopes. Frank Chance once said that Ray Caldwell was the best pitcher in the league. From this early angle it appears the big thing that is going to keep Donovan's crew down in the race is lack of batting strength. If Pipp and High come to terms, they will be partly solved, as Pipp especially is a snappy hitter. Pipp is generally conceded first base if he comes to the Yankees. If not, then Charley Mullien will cover the position. Luke Boone appears the most likely candidate for second. He played the bag the greater part of last season in Poughkeepsie, of course, will assume his old place at short and the big bat Donovan is fairly well supplied in Ed Sweeney and Leslie Nunamaker. They are seasoned, steady, and should perform creditably.

Support is going to do a lot to keep the players keyed up to the fighting pitch this year. They know the bugs are behind them and it's better to have them spread over the field than to have them concentrated in the dugout. The wide publicity given the sale of the club and the individual players is sure to have some effect.

The American League, it seems, rather handed out Rupert and Captain Huston a lemon, in that all the "stars" they were promised if they would but take the club have failed to materialize. That is going to have its effect. The Senators are considered rather in the class of the Braves and the public is always—especially in baseball—with the under-pup.

Faking it all in all—New York is fairly well satisfied with the way the baseball situation is stacking up at this really stage of game.

Y. M. C. A. BOWLERS GET BAD BEATING

Miller's Quint Give Association Team Trimming by 276 Pins—Hill Hits Poor Stride.

The Y. M. C. A. bowling team simply cannot get-a-going on the Miller alleys. They furnished a good exhibition last evening with the Miller quint on Miller's alleys, and that was all. Skelly Hill, who has been averaging around 130 fell to the 130 mark last night. The final difference in total pins was 276 in favor of the association men. Osborn rolled the 206 for high game. The scores are as follows:

	Y. M. C. A.	Miller's
E. Kohler	140	136
Hill	128	136
Volcott	153	165
Huebel	149	176

FIGHTERS ARE READY FOR HUDSON BATTLE

Both Mike Gibbons and McGorty Down to Weight and in Good Condition For Bout Tonight.

Hudson, Wisconsin, holds the boxing spotlight tonight when Mike Gibbons and Eddie McGorty, two claimants for the middleweight title, meet for ten rounds. Excitement reigns at a high point in northern Wisconsin and at St. Paul and Minneapolis, and the indications point that there will be a twenty-five thousand dollar house to witness the fray. Gibbons is picked to win a popular victory. McGorty is a heavy hitter and fairly clever for his size. Gibbons has a reputation of carrying a powerful wallop and there is no dispute but what he has it on the Oshkosh "whale" when it comes to cleverness, ring generalship and all around ability. Although Gibbons won a paper victory over Jimmy Clabby at Milwaukee recently, Clabby is still to be recognized as American champion and a twenty-round fight between the winner of tonight's bout and Clabby is promised by New Orleans promoters.

BRIEF SPORT NOTES.

Rolls 278. E. Thorne tied Dr. F. C. Volcott's high mark of the season in bowling yesterday at Miller's alleys, when he bowled a 278 game. Both these men hold the star records for the season. Volcott making his mark on the Y. M. C. A. alleys, with Thorne hitting his score at Miller's.

Jefferson Here Friday: On Friday evening the Jefferson high school basketball team will play the high school five in the local gymnasium-auditorium. While Jefferson has lost several games this season to Richland Central and other stronger foes, they are comparatively weak in this section. The contest is not expected to be a hard-fought one. Captain Stickney reports his men in fine condition after a week since Washington's victory. Ray is back in school, and with three more drills—today, tomorrow and Thursday—the five should be fit for a stiff game, if Jefferson turns out to be a fast bunch.

State Tournament Near: The state tournament is not far off. April 1, 2 and 3 are the dates. All Appleton is on edge for the big games, for it is believed that the fight for the sheepskin this year will rival the fights of three and four years ago. Last year, many of the games were tame. Evansville is leading in the southern section, although Beloit is running a close second. Janesville, despite its defeat by Evansville, is still in the race, and will probably play Evansville at the Milton tournament. Captain Stickney declares his team can double the score on Evansville in an ordinary sized floor. In fact, the high five is not worrying a bit over another game with Evansville. Racine is now in the fight, by winning Elkhorn, the Belle City quint is sure to come into the elimination struggle in this section. That makes Racine, Janesville, Evansville, Burlington and Beloit in the race, with two teams out of the five to go from this section. Janesville and Beloit look like the winners to go from this district when the whole situation is settled. Scores of the past week have been brought about as the result of hard-fought games. Baraboo still has a chance in the southwestern section. The Fondy team is the title holder of the north. Following are the scores of the past week.

Rhineland, 18; Antigo, 8.
Oconto, 12; De Pere, 11.
Brookfield, 15; Evansville, 20.
Edgerton, 30; Wisconsin H. S., 25.

AT MYERS THEATRE.

The new musical play with the airy, topical title, "September Morn" offers a cute lively story that fairly convulses the audience as every bit

sweeping down from the north seeking an entrance into the great warm seas. Now they are ready to aid their ally to float the flag of the Russian over St. Sophia. Times do change wonderfully and wars make as strange bed fellows as politics. The Chicago Daily News, in commenting upon it, says:

"More ominous for Turkey than the Anglo-French guns thundering at the forts of the Dardanelles are certain words lately spoken by Sir Edward Grey in the British house of commons. Asked whether the British ministry knew of and approved the Russian foreign minister's assertion that Russia intends permanently to occupy Constantinople, the British foreign secretary replied, in the equivocal language of diplomacy and statecraft, that 'with Russia's desire for access to the sea England is in entire accord.' This volte face of Turkey's historic friend among the European nations is formal notice to the empire of the crescent that if the allies win, the Russian position as a European power will follow."

"Britain's necessities have driven it to put aside its old-time dread of Russia, and now apparently it is willing to allow the czar to realize his dream of dominion beside the Bosphorus. If Russia does go down to the warm seas and float the Greek cross over St. Sophia, racial streams will be directed into new channels and civilization will be given impetus up similar to those that resulted from the migratory waves of Huns and Turks which centuries ago changed the face of Europe."

"For almost five centuries the Turk has stood on guard at the gateway to Asia, holding back the northern races. He was supported by the jealousies of Christian nations. Germany in recent years has obtained an important foothold under the shadow of Turkish power. The outcome of the present war presumably will decide whether southwestern Asia is to be Teutonic or Slavic. Of more immediate importance to the allies, however, is the question of unlocking the gateway to Russia's granary. If the Dardanelles are forced and Constantinople taken, the flood of Russian wheat will be released to supply the needs of Britain and France."

TONIGHT'S MEETING.

Tonight's mass meeting of citizens at the city hall to discuss the question of what paving material shall be used on Franklin street, is worth more than hasty action. Commissioner Goodman has made the streets of the city a careful study during the past few months. His efficient work during the year he has been in office, the improvements made, all show that he is taking unusual interest in his department. The streets and that his opinion should be given consideration. Mr. Goodman favors concrete construction. He bases his opinion upon careful investigation, close questioning of engineers who have built such roads, and the efficiency of the streets thus constructed. He is, however, open to argument and it is expected that tonight's meeting will develop many new angles to the controversy. That concrete roads are the coming roadway is recognized by engineers constructing highways the country over. It has passed its experimental stage and Mr. Goodman believes that Janesville should keep in line with the progress made and install such streets. Beloit also is considering a similar proposition and will doubtless decide on concrete. Other cities the size of Janesville in various parts of the country have likewise made the experiment and it has proven satisfactory, and Mr. Goodman contends that with the Janesville gravel, required in all concrete work, in the immediate vicinity, at hand, better and cheaper roads can be built than of any other material. Mr. Goodman has made a success of his department, is most heartily in accord with the ideas of progress in his line of business and the city should be congratulated on having him at the head of their streets department.

In Governor Philipp, Wisconsin has one of the biggest governors in every sense of the word, that the state has had for years. One has but to come in touch with him to realize the intensity of the purpose he is putting into the administration of his office. He is a man accustomed to handling big affairs and he tackles the job of running the state in the same thorough manner he would give to his own business. The result can not help but be satisfactory in the long run.

If anyone thinks it is a safe proposition to wager that the university will not feel the effect of Chairman Trotman's resignation they are mistaken. That bill to do away with the one mill tax, introduced by Assemblyman Ellingson is giving them sleepless nights, but on the face of it comes Trotman's resignation and its consequences. Good for Trotman. He would not permit the sordid interests of business to interfere with his best judgment.

Janesville's success under the commission form of government has been watched with interest by the state at large. Problems have been met and successfully handled that have given the commission form of government a standing throughout the country as a whole. The next question that remains to be solved is the handling of the waterworks problem so soon to be taken over.

Beloit is just now issuing warning against fishermen taking the dying carp from the river for food purposes. This same warning was given in Janesville weeks ago and should be heeded. Something is killing this species of fish and the best thing is to let them die unmolested and rejoice in their destruction.

March has arrived, but beware the "ideas of March." A great Roman ruler once failed to heed the warning and as a result he fell pierced by the daggers of his former friends at the very foot of the statue of Pompey, the man he had destroyed to make way for his own greatness. "Et tu Brute."

It must be with a sigh of great relief that the congressmen look forward to the coming year.

RELATIVES BELIEVE
BODY AUSTIN ARNER

Sister From East Delavan Viewed Remains Yesterday.—Funeral Services Last Evening.

When Mrs. Kate Lyons of East Delavan arrived in Janesville yesterday afternoon and viewed the charred corpse that was found Sunday at the Charles Wright farm, she believed it was her brother, Austin Arner, but could not say positively. Brothers of Austin Arner, Patrick and Michael, after looking over the personal effects found on the remains, were inclined to believe that it was their brother who had been found.

Patrick Arner stated to the police that Austin had been at his home on the sixteenth of January, the day before the fire, and he had seen him for about five minutes early in the evening. Austin told him that he was going to work for Alfred Pease on the Grady place, which is over a mile from the Wright farm, on the Milton road. Since that time there is no authentic information that Mr. Arner has been seen alive.

His body was buried yesterday afternoon after five o'clock at the Oak Hill cemetery. Austin Arner had the following relatives: Brothers, Patrick and Michael of Janesville; John of Milwaukee; Charles and William of Chicago; Mrs. Donovan of Adams county, Wisconsin; Mrs. Maggie Meyer and Mrs. K. Lyons of East Delavan.

TOWN LINE

Town Line, March 1.—L. J. McGraw moved to Beloit today, having sold his farm of 64 acres last week to Mrs. Elizabeth Woodward and sister, Miss Mary Buchanan of Beloit. Consideration, \$150 per acre. Mr. McGraw sold to the above named parties nearly \$2,000 worth of personal property.

E. Steinaker has moved to the vacant house, belonging to Mrs. Julia Duggan, for the summer.

Fred Nessler, who recently sold his stock and machinery, moved to Chicago several days ago where he will make his home.

Friends of William Stanley of Beloit, son-in-law of Henry Hartling of this place, will be glad to learn that he is recovering from an operation for appendicitis which he underwent two weeks ago at the Emergency hospital at Beloit, and was able to leave the hospital last Saturday.

John Thompson, who has been on the Curtis farm near Town Line bridge the past year, has moved south-west of Beloit.

Henry Knope has recently purchased a piano.

Mr. and Mrs. George Cole have moved from the farm on the Afton road, which they have occupied for twenty-one years, to the home which they recently purchased seven miles west of Beloit. Friends regret losing these estimable people from their midst who have so long made their home here.

Mrs. L. C. Walters spent several days last week with her parents, Mr. and Mrs. Hugh Lee of Beloit.

Robert Martin and family of Beloit, have taken possession of the farm vacated by Mr. and Mrs. Cole.

Mr. and Mrs. August Wachlin visited at the home of Irving Peich east of Beloit last week.

PLYMOUTH

Plymouth, March 1.—Claude Horkey has purchased a span of mules.

Mrs. Will Kettle had her face and arms badly burned on Saturday evening in her hurry to get supper she threw kerosene on the fire.

A number of Mrs. Archie Arnold's friends gave her a pleasant surprise Saturday evening. Games and music passed the evening swiftly away and supper time came altogether too soon. The guests departed at a late hour declaring Mrs. Arnold a good hostess.

Mrs. Andrew Rinebimer has been confined to her home for a few weeks with a severe case of grippe, but is much improved.

Several from here attended the M. E. Epworth League rally held at Janesville Saturday.

CLEVER COMEDY
CHARMS CROWDS

Return Engagement of J. Hartley Monner's Ever Popular Irish Comedy "Peg o' My Heart" Delights Large Audience at Myers Theatre Last Evening.

"Peg o' My Heart" again duplicated its success last season at Myers Theatre last evening, and will continue to duplicate that success as long as human nature is human. This play is clean, refreshing, with lots of comedy proportions, to make it human and therefore so much appreciated by the average audience of theatre-goers. Manager Morosco has provided an unusually capable cast of principals, who have the premier performance. Miss Elsa Ryan enacted the role of "Peg," the lovable little Irish-American girl, who is as witty as a character from Thackeray's pen and has the comic pathos of a Dickens' person. Miss Ryan's unique personality allows of the finest kind of work in this character.

The other members of the cast were Thomas Holding, who plays the part of Jerry; Alice Butler, who plays the role of the stately Mrs. Chichester; and Agnes Heron Miller plays Ethel. The latter was eminently well played by Vivian Gilbert a young Englishman and new comers to the American stage. Robert Forsyth was the Hawk, an important role capably handled. Herbert L. Merlan was the Maid, and both parts were well played. The important role of Brent was well played in the hands of Snyder Mathew.

DON'T FEEL RIGHT? HEADACHY, BILIOUS, CONSTIPATED, STOMACH BAD?—DIME A BOX

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy stomach. Are you keeping your bowels clean with Cascarets—or merely dosing yourself every few days with salts, pills, castor oil and other harsh irritants? Cascarets immediately cleanse and sweeten the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. A Cascaret tonight straightens you out by morning—a 10-cent box keeps your head clear, stomach sweet, liver and bowels regular and you feel bully yourself every few days with salts, pills, castor oil and other harsh irritants? Cascarets immediately cleanse and sweeten the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. NAMES LOCAL BOY FOR CHICAGO JOB

Frank L. Hennessey of This City Takes
Chief Clerk in Big North-
western Offices.

Frank L. Hennessey of this city, for the past three years chief storekeeper at the South Janesville shops of the Chicago & Northwestern railway, left this morning for Chicago, where to-day he entered the offices of E. H. Wade, supervisor of motive power, and E. H. Schultz, master mechanic, as chief clerk. Mr. Hennessey will have an office force of six.

The promotion, which carries with it a substantial salary increase, came Sunday as a surprise to Mr. Hennessey and his many friends among railroad men and others of the city. He has been in the employ of the Northwestern system for the past five years, originally in the store department, later as timekeeper and finally as chief storekeeper. Faithful and efficient service thus far has evidently earned him the reward. Mr. Hennessey was chairman of the local safety first committee, and the work he has accomplished to enhance the idea of precaution and protection both for employees and the traveling public has brought him forth as one of the most expeditious of the safety first movement of the C. & N. W. system. He has a great following of friends both in his railroad work and otherwise who wish him success in every venture of his new undertaking.

Uncle Eben.

"Some men," said Uncle Eben, "does everything their wives tell 'em to, for the sake of handin' 'em de blame for whatever goes wrong."

View of the Whittet Banquet at Edgerton, Thursday, Feb. 25th

Edgerton, March 2.—Few communities have honored a favorite son with an elaborate banquet as was tendered Lawrence Whittet, speaker of the assembly, by his fellow citizens of Edgerton on Thursday evening last. The tables were set in the gymnasium of the high school and a most delicious repast was served. The most praiseworthy and clever stories and the music furnished most delightful. Among the guests of honor was Governor Philipp and when called upon for a few remarks made some significant statements that bear careful consideration.

The Governor said in part: "It has been said here that Edgerton has been honored by my coming to attend this dinner. I want to say that I consider it an honor to be invited here to join the people of Edgerton in paying tribute to Lawrence Whittet."

I love Lawrence Whittet for the work he is doing in Madison, for his loyalty, Edgerton should be proud of him. I am glad to be with you tonight because of my sincere friendship for Speaker Whittet, and because I like to get back among people like you.

I was born and raised over here in Edgerton.

Davis of Milton refereed the game.

At about two o'clock yesterday afternoon when the Domestic Science class was in session, one of the ovens started to smoke and when it was opened it was found that the grease had caught fire and made quite a smudge. Janitor Fred Strasburg happened to see the smoke and thinking it was a fire, turned in the school alarm. Of course, all the students marched out in good order and no one was injured.

Arthur Clarke is confined to his home with sickness.

ferred the game. The lineups follow: Edgerton—Fulton
A. Ellison.....G.....M. Thompson
C. North.....C.....H. Pratt

Whitney, La Crosse; W. W. Brennis, Middleton; H. S. Bebbis, Waterloo; Chas. P. Hill, Green Bay; H. S. Sippin, Sparta; T. A. Marshall, Monroe; A. G. Lewis, Vestalos, Mont.

Sanik county, as you know, and I remember the time when I worked on the farm. I am proud of the fact that I did, as one speaker has said here tonight, "Start out in the world with nothing better than a pair of strong arms and a willing heart," and have come to receive the greatest of things in the gift of the people of Wisconsin.

While I am in the office I do not intend to forget the debt I owe the people and I shall always appreciate my full duty to them.

I honor Lawrence Whittet because he too won his way by hard work, and I understand after knowing him as I have why you people in Edgerton and surrounding community have gathered here tonight to honor him.

I want to tell you of some of the things we are trying to do down in Madison tonight, but it is growing late, after midnight, and I do not intend to take much of your time now. I want to call your attention to one phase of it, however.

It has come to me that the propaganda has been started at the University, or through some persons interested there, to oppose our plans for economy in so far as they affect that institution. We have been disposed to be considerate of the University and I have not come to Madison to tear it down. We want those interested in the University management to come to us and go over its financial needs and see if we cannot get together, remembering all the young people of Edgerton, and demand economy in that institution as well as in all other state institutions. However, I want to warn them that unless they do this there may be a reckoning. Unless they meet us half way and give some consideration to the demands of the taxpayers, as expressed at the last election, some day the people will send the Governor to Madison armed with an axe and he will do things which will injure the University. I want to say that I have no axe and I believe that with the proper cooperation the problem can be worked out all right. It is with the cooperation and valuable aid of such men as Lawrence Whittet that we can do this, the work which the taxpayers of Wisconsin sent us to Madison to do.

Before I close I want to express my appreciation of the musical program which has been given us tonight by young people of Edgerton. I don't believe there is another city in the state, no matter how large, which could furnish local talent of a higher grade. I now want to sincerely thank these young people who have entertained us.

C. S. Sein, Cambridge; E. J. Menble, Janesville.

Whitewater, March 2.—Important Business Meeting of Women's Federation—Yesterday afternoon in the parlors of the M. E. church there was a business meeting of the federation and an unusual number of important subjects were discussed by the ladies. Mrs. L. D. Wheeler, in the absence of the secretary, read an article on moving pictures from the Woman's Home Companion. She also spoke of prizes offered by the Pictorial Review for the best definition of "Home," to be given by federated women's clubs. A letter was read from Fred Trautman, a former Whitewater boy, who is now a landscape gardener, offering his suggestions and services in beautifying the city park. The coming chautauqua was discussed, particularly in how to save money at that time. An invitation was read from the normal girls inviting the federation to a reception in honor of Mrs. D. O. Kins-

man, the state president, and to listen to an address by Mrs. Lois Kimbal Matthews, dean of the women's department at Madison university, in the afternoon of March 13. Mrs. G. C. Shults, chairman of the health committee, reported that Dr. Arthur Cramp had been engaged to give a lecture March 12 at the Morris Pratt Institute on "Kakes and Frauds in Patent Medicines." She also spoke of the prizes offered the public school girls for menus, showing nutritive value, etc., of foods.

Mrs. E. T. Cass, as chairman of the civics committee, read an article on suggestions for beautifying the city park, which culminated in a "clean up week," which was to be the week preceding Arbor Day. There was an amendment to the constitution relating to the election of officers. Mrs. A. H. Yoder read a very interesting article written by Estelle Isadore, one of her former schoolmates, on "Dress."

Prof. G. C. Shults of the normal faculty spoke for the civics league, asking the federation to co-operate with them in the no-license campaign, and a resolution was unanimously adopted stating their desire to do so. The ladies not only expressed their desire to help, but voted money to assist in the campaign.

Mrs. R. H. Dixon spoke on the subject of the playground. Her talk resulted in \$100 being voted by the Federation for permanent improvements on the same.

Thus ended a very profitable session and the report certainly shows that the ladies of Whitewater are interested in doing all they possibly can for our beautiful city.

Henry James moved yesterday from town to the Sprackling farm, south of Whitewater, on the town line.

Unduly Suspicious Men. "Some men," said Uncle Eben, "has been forced to get so suspicious that if you tries to be plain honest with 'em, dey thinks you has managed to hit on some new kind of a trick."

Girls! Girls! You just must try this! It doubles the beauty of your hair.

FOR 25 CENTS YOU CAN MAKE YOUR HAIR LUSTROUS, FLUFFY, AND ABUNDANT.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—one and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and less of it, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair, or toilet counter, and just try it.

Put cream in nose and stop catarrh. Tells how to open clogged nostrils and end head-colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.
